

Southwest Tint

Southeast Tint

Original Tint

Our paints are recommended & approved for all USGA and most PGA Golf Tournaments nation wide!

TURFWORX

Beautify your Greens, Tee-Boxes and Fairways without the expense of overseeding.

Turfworx is an extremely concentrated Dye / Paint designed to beautify dormant or unhealthy grass. Turfworx is extremely durable, safe and looks natural. The coverage area will depend on the height, color and speed of the equipment used. One gallon should cover between 2,000 to 4000 square feet. **Use Turfworx as an alternative to overseeding and save thousands of dollars every year!** Available in several shades. (EZ TRAC - Temporary Spray Dye / Tracker formulation is also available for use during fertilizing)

DURASTRIPE

Top Quality Aerosol Marking Paint

USSC specializes in manufacturing top quality marking paints. DURASTRIPE is a high solids, extremely durable, safe paint for marking golf course lines. We guarantee our quality, performance and durability to be superior than all of our competitors.

- 77 brilliant Colors!
- Turf / Kelly Green for touch-up
- Durable, Crisp, Sharp lines
